European Brown Bear Hunt in Croatia

If you dream of hunting a brown bear in Croatia, that dream can now become reality!
Our guide has access to 32 different hunting areas for brown bear, covering a total area of approximately 200.000 hectares. Most commonly, the hunt takes place from an enclosed shooting tower together with your guide, where you will spend many hours waiting for the bear to appear.

In most cases, we receive photos of the bear intended for hunting, giving you a good indication of its approximate size before you leave home.

The hunting area is located about a 2-hour drive from Zagreb Airport.
Hunting seasons: 15. September – 31. December

PER HUNTER
€ 2.328

The price includes

- 5 nights' accommodation in house/cabin with all meals included
